100 Days Party celebration

On 7th December 2024, our school held a Hundred Days Banquet for our Primary 1 students. Filling the atmosphere with joy and delight, the teachers helped to decorate the place with colourful balloons. I was the MC and controlling the timing was my main job. Our E-orchestra and students all prepared very well for the show. Parents enjoyed the day very much. I really enjoyed the exciting atmosphere of that day. Did you come to see the shows too?

CHRISTMAS PARTY TIME!

The Christmas party was held on 20th December. First, students brought a variety of homemade food to their classrooms to host a food party to celebrate Christmas together. We had a wonderful surprise when some of our dear parents dressed up as Santa Claus to visit us in the classroom to play games and give gifts to us. They not only filled the air with joy and excitement but also reminded us the joy of sharing and the happiness that comes from giving to others.

After recess, grade 4 - 6 students went to the school hall to do a 'Jingle-Jangle' dance and to enjoy a lucky draw to win some Unicorn Plush' toys. Then, we listened to a talk about developing a healthy lifestyle. Everyone was given a free can of Pocari Sweat. Our school choir sang some beautiful Christmas carols at the school entrance. Even though it was only a half-day, everyone had so much fun!

76th HONG KONG SCHOOL'S SPEECH FESTIVAL

This was my very first time to participate in the speech festival so I was very nervous about saying something wrong on stage. I really thought I couldn't do it until I remembered the encouragements from my family and teachers who had been helping me to practice. When it was my turn, I took a deep breath and told myself that I could do it. I tried my very best to remember my speech. In the end, when the judge announced the top three winners, my name was called out for the second runner up award. I was so thrilled and full of excitement after this experience. I have learnt that nothing is impossible and we just have to believe in ourselves.

Who taught you how to play volleyball?

Ms. Fung is our coach and I have learnt so much from her.

How often do you practice playing volleyball?

We practice twice a week in the playground after school. It's tough but great fun!

How do you feel when you lose a game?

For sure, I become frustrated at once!

What do you do to get back your fighting spirit?

First, I take a deep breath and think about how to improve. Most importantly, our coach always gives us some valuable feedback and guidance on different areas for us to improve. This motivates us to be better players.

Have you ever won a prize?

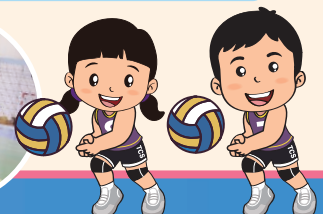

Yes, we have won the Shatin district championship. We were very excited when we were presented with the trophy. With so much hard work, we knew we deserved the prize.

What advice would you give a student who wants to learn volleyball?

Wow! First, the potential students need to be strong. Second, they must work persistently at the sport and with purpose to achieve results.

I couldn't agree more, as results don't come in a day, an hour, or because we wish them to happen. We must work very hard. And most importantly, we must cooperate and support each other as a team.

If you would like to be a volleyball team member, please talk to your P.E. teachers.
